De uitlevering zal ook plaats hebben ter zake van medepligtigheid aan al de voornoemde misdrijven, mits zoodanige medepligtigheid naar de wetten van beide de Contracterende Partijen strafbaar zij.

ARTIKEL III.

Geen Nederlandsch onderdaan zal door de Nederlandsche Regering aan de Regering van het Vereenigd Koninkrijk worden uitgeleverd; en geen onderdaan van het Vereenigd Koninkrijk zal door de Regering van dat Rijk aan de Nederlandsche Regering worden uitgeleverd.

Met betrekking tot de toepassing der tegenwoordige overeenkomst, zijn onder de benaming van "onderdanen" begrepen niet alleen genaturaliseerden, maar ook zoodanige vreemdelingen die, volgen de wetten van elke der Contracterende Partijen met onderdanen zijn gelijk gesteld, en evenzoo zoodanige vreemdelingen, die in het land gevestigd zijn en met eene vrouw des lands gehuwd, of gehuwd geweest, een of meer kinderen hebben uit dat huwelijk in het land geboren.

ARTIKEL IV.

De uitlevering zal geen plaats hebben indien de persoon door de Regering van het Vereenigd Koninkrijk opgeëischt of de persoon door de Nederlandsche Regering opgeëischt ter zake van het misdrijf, wegens hetwelk zijne uitlevering aangevraagd wordt, reeds heeft te regt gestaan en vrijgesproken, van rechtsvervolgung ontslagen, of gestraft is, of nog vervolgd wordt, respectievelijk in Nederland of in het Vereenigd Koninkrijk.

The extradition shall also be deferred if the person claimed should be detained for debt by a sentence passed before the requisition for the surrender, under the laws of the country where he shall be found.

ARTICLE V.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

ARTICLE VI.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has in fact been made with a view to try or to punish him for an offence of a political character.

ARTICLE VII.

A person surrendered can in no case be kept in prison, or be brought to trial in the State to which the surrender has been made, for any other crime or on account of any other matters than those for which the extradition shall have taken place, until he has been restored or has had the opportunity of returning to the country from whence he was surrendered.

The period of one month shall be considered as the limit of the period during which the prisoner may, with the view of securing the benefits of this Article, return to the country from whence he was surrendered.

This stipulation does not apply to crimes committed after the extradition.

ARTICLE VIII.

The requisition for extradition shall be made through the Diplomatic Agents of the High Contracting Parties, respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

A requisition for extradition cannot be founded on sentences passed in *contumaciam*.

ARTICLE IX.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

The prisoner is then to be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, according to the laws of the country in which he is found.

Ook zal de uitlevering worden uitgesteld, indien de opgeëischte persoon wegens schulden gegijzeld is krachtens eene veroordeeling, volgens de wetten aan het land, waar hij gevonden zal zijn vóór de aanvraag tot uitlevering uitgesproken.

ARTIKEL V.

De uitlevering zal geen plaats hebben indien, na het plegen des misdrijs, of het instellen eener geregelijke vervolging, of de daarop gevolgde veroordeeling, de vervolging of de straf verjaard is volgens de wetten van den Staat aan welken de uitlevering wordt aangevraagd.

ARTIKEL VI.

Voortvlugtige misdadigers zullen niet uit geleverd worden indien het misdrijf ter zake waarvan hunne uitlevering wordt aangevraagd een staatkundig karakter draagt, of zij het bewijs leveren dat de aanvraag om hunne uitlevering opzettelijk gedaan is met het doel om hen ter zake van een misdrijf van staatkundigen aard te vervolgen of te straffen.

ARTIKEL VII.

De persoon, wiens uitlevering heeft plaats gehad kan in geen geval in hechtenis gehouden of vervolgd worden in den Staat aan welken de uitlevering heeft plaats gehad, ter zake van eenig ander misdrijf of wegens eenige andere zaak dan die waarvoor de uitlevering geschied is, advorens hij is teruggekeerd of de gelegenheid gehad heeft terug te keeren naar het land van waar hy uitgeleverd is.

Door het verloop van ééne maand zal de termijn, gedurende welken het den uitgeleverde vrijstaat, met het doel om zich het bij dit Artikel bedongen voorrecht te verzekeren, naar het land van waar hij uitgeleverd is terugtekeeren, geacht worden verstreken te zijn.

Deze bepaling is niet toepasselijk op misdrijven, na de uitlevering gepleegd.

ARTIKEL VIII.

De aanvraag tot uitlevering zal gedaan worden door de Diplomatieke Agenten der Hooge Contracterende Partijen, respectievelijk.

De aanvraag tot uitlevering van een beschuldigde moet vergezeld zijn van een bevel, van gevangenneeming afgegeven door de bevoegde overheid van den Staat, die de uitlevering aanvraagt, en van zoodanige stukken als welke overeenkomstig de watten der plaats, waar de beschuldigde gevonden is, zijne aanhouding zouden wettigen indien het misdrijf aldaar gepleegd was.

Indien de aanvraag een veroordeelde betreft, moet zij vergezeld zijn van het veroordeelend vonnis of arrest, ten laste van den veroordeelde gewezen door den bevoegden regter van den Staat, die de uitlevering aanvraagt.

Op veroordeelingen by verstek kan geen aanvraag tot uitlevering gegrond worden.

ARTIKEL IX.

Wanneer de aanvraag tot uitlevering overeenkomstig de voorgaande bepalingen is geschied, zal de bevoegde magt in den Staat, aan welken de aanvraag gedaan is, de noodige maatregelen nemen tot in hechtenis stelling van den voortvlugtige.

De aangehoudene zal in dat geval voor de bevoegde regterlijke overheid gebragt worden, welke hem in verhoor zal nemen en het voorloopig onderzoek der zaak zal doen plaats hebben overeenkomstig de wet van den Staat, alwaar hij opgespoord is.

ARTICLE X.

The extradition shall not take place before the expiration of fifteen days from the committal, and then only if the evidence produced in due time be found sufficient according to the laws of the State applied to.

ARTICLE XI.

A fugitive criminal may, however, be apprehended under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority in either country, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the person issuing the warrant, justify the issue of a warrant, if the crime had been committed, or the prisoner convicted, in that part of the dominions of the two Contracting Parties in which he exercises jurisdiction: Provided however that in the United Kingdom, the accused shall, in such case be sent as speedily as possible before a Police Magistrate in London. He shall be discharged, as well in the United Kingdom, as in the Netherlands, if within fourteen days, a requisition shall not have been made for his surrender by the Diplomatic Agent of his country.

ARTICLE XII.

If in any criminal matter, pending in any Court or tribunal of one of the two countries, it is thought desirable to take the evidence of any witness in the other, such evidence may be taken by the judicial authorities in accordance with the laws in force on this subject in the country where the witness may be.

ARTICLE XIII.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place; and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

ARTICLE XIV.

The High Contracting Parties renounce any claim for the reimbursement of the expenses incurred by them in the arrest and maintenance of the person to be surrendered, and his conveyance till placed on board ship, as well as for the reimbursement of the expenses incurred in taking the evidence of any witness in consequence of Article XII, and in giving up and returning seized articles. They reciprocally agree to bear such expenses themselves.

ARTICLE XV.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties, but shall remain in force for six months after notice has been given for its termination.

The Treaty shall be ratified, and the ratifications shall be exchanged at The Hague as soon as possible.

ARTIKEL X.

De uitlevering zal geen plaats hebben vóór het verstrijken van vijftien dagen na de in hechtenisneming, en alleen dan, wanneer de ten behoorlijken tijde overgelegde stukken overeenkomstig de wet van den Staat, aan welken de uitlevering is aangevraagd, voldoende bevonden zijn.

ARTIKEL XI.

De voortvlugtige kan echter in hechtenis worden genomen krachtens een bevel, afgegeven door een "Police Magistrate," "Justice of Peace," of andere bevoegde overheid in elk der beide landen, op zoodanige aangifte of klagt, en zoodanige bewijsstukken, of na zoodanig onderzoek als, naar het oordeel van den persoon, die het bevel verleent, termen tot het verleen daarvan zou opleveren, indien het misdrijf gepleegd of de aangehoudene veroordeeld ware binnen het ressort van het grondgebied der twee Contracterende Partijen, waarover hij regtsmagt uitoefent: Mits evenwel in dat geval in het Vereenigd Koninkrijk de beschuldigde zoo spoedig mogelijk voor een "Police Magistrate" te Londen worde gebragt. Hij zal ontslagen worden zoowel in het Vereenigd Koninkrijk als in Nederland, indien binnen veertien dagen geen aanvraag tot zijne uitlevering door den Diplomatieken Agent van zijn land gedaan is.

ARTIKEL XII.

Wanneer het in eene, by eenig hof of bij eenige regtbank van een der beide landen aanhangige strafzaak, wenschelijk geoordeeld wordt een getuige in het andere land te hooren, zal zoodanig verhoor plaats hebben voor de regterlijke overheid, overeenkomstig de wet, ten deze van kracht in het land, waar de getuige zich bevindt.

ARTIKEL XIII.

Al de in beslag genomen goederen, die zich op het oogenblik zijner aanhouding in het bezit van den uitleveren persoon bevonden, zullen, indien de bevoegde overheid van den Staat aan welken de uitlevering wordt aangevraagd de overgave daarvan bevolen heeft, worden overgegeven op het oogenblik, waarop de uitlevering plaats heeft; en die overgave zal zich uitstrekken niet alleen tot de gestolen voorwerpen, maar ook tot alles wat tot bewijs van het misdrijf kan dienen.

ARTIKEL XIV.

De Hooge Contracterende Partijen doen afstand van alle terugvordering van de kosten, door haar gemaakt voor de aanhouding en gevangenhouding van den uitleveren persoon en voor zijn vervoer tot aan boord van een schip, gelijk mede van de terugvordering van de kosten veroorzaakt door het hooren van getuigen naar aanleiding van Artikel XII, en door het over en weder zenden van in beslag genomen voorwerpen. Zij stemmen er wederkeerig in toe die kosten zelve te dragen.

ARTIKEL XV.

De tegenwoordige overeenkomst zal in werking treden tien dagen na hare afkondiging, overeenkomstig de vormen bij de wetten der Hooge Contracterende Partijen voorgeschreven. Elke der Hooge Contracterende Partijen zal haar kunnen opzeggen, maar zij zal van kracht blijven gedurende zes maanden, nadat van die opzegging zal zijn kennis gegeven.

De overeenkomst zal zoo spoedig mogelijk bekrachtigd worden en de bekrachtigingen zullen uitgewisseld worden te 'sGravenhage.

No. 1999 G.—*Fort William, the 24th September 1874.—General.*—The Notification No. 1706 G, dated the 14th ultimo, appointing Mr. J. F. Needham Assistant to the Political Agent in the Naga Hills, and investing him with the powers of a Magistrate of the 1st Class, will have effect from the 31st December last.

No. 2010 G.—His Excellency the Viceroy and Governor General in Council is pleased to publish for general information a Proclamation issued by the Maharaja of Jodhpoor, in which His Highness announces that he has consolidated and revised the Tariff of duties charged on goods imported to, or exported from, His Highness' territories, with effect from 1st October next. The orders of the Government of India on the report of the Agent to the Governor General for Rajpootana, announcing the Maharaja's intention, are also published.

PROCLAMATION.

Be it known to all merchants and traders as also to all subjects of the British Government and of Native States—

That His Highness the Maharaja of Jodhpoor, with the object of securing comfort and convenience to traders and his subjects, and of removing all unnecessary obstacles which have here and there hitherto hindered trade in Marwar, has been pleased to fix a revised and uniform rate of export, import and transit duties to be levied in future within his dominions from the 1st of October 1874. A separate table of these rates is annexed herewith.

I. Should any merchant or trader offer any resistance to the Customs Authorities or raise groundless objections to the payment of these rates, serious notice of the same will be taken by the Durbar Customs Authorities.

II. These new rates of import, export and transit duties shall be levied at certain specified places within the Durbar limits; and all other dues which Jaghirdars and Bhoomias, &c., have hitherto been in the habit of levying, shall wholly cease; and these Jaghirdars and Bhoomias shall not be allowed to obstruct traders in any way on this account. However, the "Mapa" duties which all traders have been used to pay at places where they effect any purchase or sale shall be levied as before.

III. In lieu of certain duties which in excess of the Durbar's Customs duties, some of the Jaghirdars and Bhoomias have been in the habit of levying on merchandize, an equivalent in cash will be paid to them regularly by the Durbar. These Jaghirdars and Bhoomias shall not in future be permitted to hinder merchants in any way on this account, and if they do, traders are directed to report the same to the Durbar Customs Authorities or the "Kutchery," when immediate steps will be taken by the Durbar to punish the offenders.

IV. For the relief of his subjects, His Highness the Maharaja has been graciously pleased to wholly remit transit duties on corn within his dominions. All Jaghirdars and Bhoomias and the Durbar Customs Authorities are prohibited from in any way molesting this trade within his dominions.

V. All Charuns, Bhattis, Brahmins, Prohuts, Gansuns, Samees, as also Caublees, Beloochees, Sikhs, &c., of foreign States shall without exception, whether they export, import or pass goods through Marwar, take the Durbar "Purwanna" (Pass) from the 1st October 1874, and pay according to the newly fixed rates. Should any one raise objections or plead former custom, their complaint shall not be allowed. All are bound to pay according to the new rates.

VI. Should any Customs Official of the Durbar infringe these rules, the same should be duly reported to the Durbar, when after a due investigation immediate steps shall be taken to remedy the evil complained of.

In Marwar State, Customs duties differ in different Pergunnahs, i. e., in some they are high, while in others low, but the following are the average Customs duties which will be levied on all articles

either exported, imported or passing through the Marwar Territory from the 1st October 1874, at the following rate per maund, and a seer will be counted equivalent to 80 Rupees in weight:—

Public Despatch to the Secretary of State, No. 71, dated the 23rd October 1873.

In continuation of the correspondence noted in the margin, we shall be obliged if Your Grace will instruct all newly appointed Members of the Covenanted Civil Service, who have been posted in England to the North-Western Provinces, Punjab, and Oudh, and who intend to come out to India *via* Bombay, to enquire at the Secretariat of the Bombay Government for any orders that may be awaiting their arrival, and in the event of their not receiving at Bombay any orders as to their ultimate destinations, to proceed at once to Allahabad, and there to report themselves both to the Secretary to the Government of India in the Home Department, and to the Secretary to the Government of the North-Western Provinces. Until instructions for their distribution among the several Governments in Upper India shall have been issued, these Officers will be considered to be attached to the Government of the North-Western Provinces; but it is believed that we shall be ordinarily able to arrange that orders as to the particular destination of each Officer will be awaiting his arrival at Bombay.

Upper India, and comes out *via* Bombay, shall, if he has been instructed by the Secretary of State to enquire at the Secretariat of the Government of Bombay for any orders as to his ultimate destination and receives no such orders there, be held to be the date of his reporting himself at Allahabad to the Secretary to the Government of India in the Home Department, and to the Secretary to the Government of the North-Western Provinces. But if he receives orders at the Bombay Secretariat, the date of his first arrival in India shall be held to be the date of his reporting his arrival at any station or province to which he may be attached by such orders.

Notice and Sailing Directions for Dhamrah.

Kannaka Buoy, at the sea entrance of the channels leading into the Dhamrah River, is in north latitude $20^{\circ} 48' 40''$ and east longitude $87^{\circ} 7' 0''$, or a little to the south of the position given on Lloyd's chart of the Sandheads.

From Calcutta, a vessel bound to Dhamrah or Chandbally should steer a course so as to strike soundings of seven or eight fathoms on the coast, a few miles to the north of the position of the Kannaka Buoy, shoal into six fathoms, and steer down about south-east, keeping in that depth, when she cannot fail to sight both the buoy and Shortt's tripod beacon on the north-east dry point of Point Palmiras Reef; by this course all danger of striking on this dangerous reef will be avoided. A vessel bound in from the south must be guided by the general chart of the Sandheads, keep the lead smartly going, and be particularly careful not to go into less than 12 fathoms till she is to the north of the reef, which is very steep to. Tides in this vicinity are very irregular and much influenced by the wind.

From the Kannaka Buoy there are two channels—the north and south: the latter is the best; but *all* vessels running to this place should be supplied with the latest charts of the entrance to the Dhamrah River, without which a stranger would have some difficulty in running in. Charts are obtainable from the Master-Attendant, Calcutta, the Surveyor-General's Office, Park Street, Calcutta, or from the Conservator of Orissa Ports at False Point.

A sketch showing the new positions of the buoys will shortly be published. The Chandipal Bar has now not more than six feet reduced on it, passing close to the Fairway Buoy.

A buoy is to be placed on the north-east edge of Point Palmiras Reef. Due notice will be given of its being laid.

The chart of 1870 is a good guide for a vessel from sea at the Kannaka Buoy to the mouth of the Byturnee River.

The Byturnee River is shortly to be surveyed, and a chart of it published. Until this is done strangers are strongly recommended to take a pilot. One could generally be obtained in Calcutta, as several officers of the tug and pilot services have made themselves acquainted with the navigation of these channels.

Parties wishing to have the new positions of the buoys shown on charts in their possession, are requested to send them to the Conservator, Orissa Ports, False Point, who will make the necessary alterations and return the chart by next post.

In my letter No. 630, above referred to, application was made for a loan of Rs. 2,50,000 for the extension of the works now in hand, and a plan was then submitted, copy of which is sent herewith, showing the exact position of the lands for the acquisition of which the Commissioners required the loan of Rs. 2,50,000.

3. It now appears to the Commissioners that it is desirable to proceed as fast as possible to acquire the whole of the land necessary for the completion of this important work, as the land adjoining the sections already completed (coloured red on map) is daily rising in value, and it may reasonably be expected that the value of such lands will continue to increase as further improvements are carried out. The road in question, besides giving the public direct access to the river frontage, will form a direct means of communication for all the jute trade of the port; as many of the jute-pressing and screwing warehouses, and Hantkholah, the centre of the jute trade of Calcutta, are close to the line of the new road. The Commissioners also propose to lay down a line of tramway of the same gauge as the Eastern Bengal and East Indian Railways, so that the produce brought to Calcutta by these railways may be carried over the new road to the several warehouses for storing, or to the jetties for shipment. The tramway proposal will, however, be submitted separately for the consideration of Government: at present, all that the Commissioners wish to secure is the land necessary for the whole road, to enable them to secure through communication as soon as possible.

4. The Commissioners therefore solicit the sanction of His Honor the Lieutenant-Governor to the purchase of the necessary lands, and submit herewith an application drawn up and signed in accordance with the terms of the Public Works Loan Act for a loan of Rs. 6,00,000.

The 19th September 1874.—The following Resolution, regarding the retransfer of the town of Navadipa and the adjacent villages from the district of Burdwan to that of Nuddea, is published for general information :—

Read a petition from the inhabitants of the town of Navadipa or Nuddea, begging for a reconsideration of the decision that the town and island of Navadipa should be transferred to the Burdwan district.

RESOLUTION.—The Lieutenant-Governor met most of the memorialists on the occasion of his visit to the town of Nuddea on 13th September, and he ascertained on the spot that this petition represents the views of the most influential and important section of the people of Nuddea; and he learned that most of the memorialists held lands in, and were connected with, the Nuddea district on the left bank of the Bhagiruttee. His Honor also consulted the Magistrates of the Burdwan and Nuddea districts, and ascertained that no executive or fiscal advantages will be gained by transferring this small tract to Burdwan; while there are many disadvantages in its remaining part of the Burdwan district. The Magistrate-Collector of the Nuddea district, who has known the town of Nuddea and its people for nearly five years, has informed the Lieutenant-Governor that the allegations made by the memorialists regarding the wishes of the townspeople, and regarding the practical convenience of their town remaining a part of the Nuddea district, are in the main correct.

2. The order transferring the Navadipa or Nuddea tract to Burdwan was issued a few months ago, and no administrative inconvenience will result from its recall. Under these circumstances, as the wishes of the people and the opinions of the local officers are in favor of the island of Navadipa or Nuddea remaining a part of the Nuddea district, the Lieutenant-Governor is glad to be able to comply with the prayer of the memorialists; and he directs that the order transferring this island, including the Nuddea town and the adjacent lands, to the Burdwan district, be reviewed, and that the tract be retransferred to the Nuddea district. The "khal" or branch of the river which flows behind or westward of Nuddea town will form at this point the boundary of the two districts.

No. 5956.—Fort William, the 29th September 1874.—Notification.—Accounts.—The following Resolution is published for general information :—

RESOLUTION.—The Governor-General in Council observes that the Rule, under which deposits made in the Presidency Savings Banks within the first four working days of the month bear interest from the beginning of that month, is the occasion of very considerable complication in the accounts. It has also fostered an incorrect idea of the object of Government Savings Banks. His Excellency in Council accordingly directs that in lieu of this rule, the District Savings Bank Rule No. 8 shall be introduced in the Presidency Savings Banks from 1st April 1875. That rule is as follows :—

“Interest will be calculated on money in deposit from the first day of the month succeeding that of deposit, and up to the last day of the month preceding that in which it is withdrawn.”

ORDER.—Ordered that the foregoing Resolution be communicated to the Governments of Madras and Bombay for information, and for communication to the Presidency Banks in those places.

Ordered also that a copy of this Resolution be forwarded to the Secretary and Treasurer, Bank of Bengal, for information and guidance, and to the Comptroller-General for information.

An officer on the establishment of any school the expenses of which are paid out of municipal funds and from the fees received at the school, may, in like manner, and under the same conditions, subscribe for pension and gratuity.

When the local Government allows an officer to subscribe for pension or gratuity, his name, with his age and other particulars necessary for his identification, shall be recorded in the office of the accountant-general. The certificate of good health should also be sent to that office.

Notice and Sailing Directions for Dhamrah.

Kannaka Buoy, at the sea entrance of the channels leading into the Dhamrah River, is in north latitude $20^{\circ} 48' 40''$ and east longitude $87^{\circ} 7' 0''$, or a little to the south of the position given on Lloyd's chart of the Sandheads.

From Calcutta, a vessel bound to Dhamrah or Chandbally should steer a course so as to strike soundings of seven or eight fathoms on the coast, a few miles to the north of the position of the Kannaka Buoy, shoal into six fathoms, and steer down about south-east, keeping in that depth, when she cannot fail to sight both the buoy and Shortt's tripod beacon on the north-east *dry* point of Point Palmiras Reef: by this course all danger of striking on this dangerous reef will be avoided. A vessel bound in from the south must be guided by the general chart of the Sandheads, keep the lead smartly going, and be particularly careful not to go into less than 12 fathoms till she is to the north of the reef, which is very steep to. Tides in this vicinity are very irregular and much influenced by the wind.

From the Kannaka Buoy there are two channels—the north and south: the latter is the best; but *all* vessels running to this place should be supplied with the latest charts of the entrance to the Dhamrah River, without which a stranger would have some difficulty in running in. Charts are obtainable from the Master-Attendant, Calcutta, the Surveyor-General's Office, Park Street, Calcutta, or from the Conservator of Orissa Ports at False Point.

A sketch showing the new positions of the buoys will shortly be published. The Chandipal Bar has now not more than six feet reduced on it, passing close to the Fairway Buoy.

A buoy is to be placed on the north-east edge of Point Palmiras Reef. Due notice will be given of its being laid.

The chart of 1870 is a good guide for a vessel from sea at the Kannaka Buoy to the mouth of the Byturnee River.

The Byturnee River is shortly to be surveyed, and a chart of it published. Until this is done strangers are strongly recommended to take a pilot. One could generally be obtained in Calcutta, as several officers of the tug and pilot services have made themselves acquainted with the navigation of these channels.

Parties wishing to have the new positions of the buoys shown on charts in their possession, are requested to send them to the Conservator, Orissa Ports, False Point, who will make the necessary alterations and return the chart by next post.

RESOLUTION.

GENERAL DEPARTMENT.

MARINE—CALCUTTA PORT TRUST.

No. 2798,—*Calcutta, the 1st September 1874.*

READ—

A letter, No. 630, dated 10th June 1874, from the Port Trust Commissioners, submitting a proposal for extending the Strand Bank Road, with wharfrage, between Ahcercetollah Ghât and the northern boundary of the Port.

Letter No. 647, dated 11th June 1874, from the Port Commissioners, applying for a loan of Rs. 2,50,000 for the above purpose.

Read again—

Resolution of this Government, dated 29th June 1874, notifying that it appears probable to the Lieutenant-Governor that the above loan ought to be made to the Port Commissioners.

Read also—

Letter No. 1258, dated 5th August 1874, and enclosure, stating that a further loan of Rs. 6,00,000 is required to complete the purchase of the land for the construction of the new river-side road from Ahcercetollah Ghât to the northern boundary of the Port.

Letter No. 1259, dated 5th August 1874, from the Port Commissioners, submitting a formal application for a loan of Rs. 6,00,000 for the above purpose.

WHEREAS it appears to the Lieutenant-Governor probable that the loan of Rs. 6,00,000 applied for in Port Commissioners' No. 1259, dated 5th August 1874, in excess of the Rs. 2,50,000 asked for in their No. 630, dated 10th June 1874, ought to be made—

It is ordered that a copy of the application be published in the *Government Gazette*, as required by the fifth of the rules made by the Governor-General in Council in respect of loans under the Public Works Loan Act of 1871, and published on the 15th of October 1873.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

No. 1258, dated Calcutta, the 5th August 1874.

From—W. D. BRUCE, Esq., Vice-Chairman to the Calcutta Port Commissioners,
To—The Secretary to the Government of Bengal, General Department.

IN continuation of my letter No. 630, dated the 10th June 1874, I have the honor to report, for the information of His Honor the Lieutenant-Governor, that the Commissioners have resolved to apply at once to Government for a loan sufficient to complete the purchase of the land required for the new river-side road from Ahcercetollah Ghât to the northern boundary of the port.

2. In my letter No. 630, above referred to, application was made for a loan of Rs. 2,50,000 for the extension of the works now in hand, and a plan was then submitted, copy of which is sent herewith, showing the exact position of the lands for the acquisition of which the Commissioners required the loan of Rs. 2,50,000.

3. It now appears to the Commissioners that it is desirable to proceed as fast as possible to acquire the whole of the land necessary for the completion of this important work, as the land adjoining the sections already completed (coloured red on map) is daily rising in value, and it may reasonably be expected that the value of such lands will continue to increase as further improvements are carried out. The road in question, besides giving the public direct access to the river frontage, will form a direct means of communication for all the jute trade of the port; as many of the jute-pressing and screwing warehouses, and Haukholah, the centre of the jute trade of Calcutta, are close to the line of the new road. The Commissioners also propose to lay down a line of tramway of the same gauge as the Eastern Bengal and East Indian Railways, so that the produce brought to Calcutta by these railways may be carried over the new road to the several warehouses for storing, or to the jetties for shipment. The tramway proposal will, however, be submitted separately for the consideration of Government: at present, all that the Commissioners wish to secure is the land necessary for the whole road, to enable them to secure through communication as soon as possible.

4. The Commissioners therefore solicit the sanction of His Honor the Lieutenant-Governor to the purchase of the necessary lands, and submit herewith an application drawn up and signed in accordance with the terms of the Public Works Loan Act for a loan of Rs. 6,00,000.

No. 1259, dated Calcutta, the 5th August 1874.

From—The Commissioners for making Improvements in the Port of Calcutta,
To—The Secretary to the Government of Bengal, General Department.

We, the undersigned Commissioners for making Improvements in the Port of Calcutta, do hereby apply to His Honor the Lieutenant-Governor of Bengal for a loan, to be granted us under the provisions of Act XXIV of 1871 (The Public Works Loan Act). Notice and Sailing Directions for Dhamrah.

Kannaka Buoy, at the sea entrance of the channels leading into the Dhamrah River, is in north latitude $20^{\circ} 48' 40''$ and east longitude $87^{\circ} 7' 0''$, or a little to the south of the position given on Lloyd's chart of the Sandheads.

From Calcutta, a vessel bound to Dhamrah or Chandbally should steer a course so as to strike soundings of seven or eight fathoms on the coast, a few miles to the north of the position of the Kannaka Buoy, shoal into six fathoms, and steer down about south-east, keeping in that depth, when she cannot sail to sight both the buoy and Shortt's tripod beacon on the north-east dry point of Point Palmiras Reef: by this course all danger of striking on this dangerous reef will be avoided. A vessel bound in from the south must be guided by the general chart of the Sandheads, keep the lead smartly going, and be particularly careful not to go into less than 12 fathoms till she is to the north of the reef, which is very steep to. Tides in this vicinity are very irregular and much influenced by the wind.

From the Kannaka Buoy there are two channels—the north and south: the latter is the best; but all vessels running to this place should be supplied with the latest charts of the entrance to the Dhamrah River, without which a stranger would have some difficulty in running in. Charts are obtainable from the Master-Attendant, Calcutta, the Surveyor-General's Office, Park Street, Calcutta, or from the Conservator of Orissa Ports at False Point.

A sketch showing the new positions of the buoys will shortly be published. The Chandipal Bar has now not more than six feet reduced on it, passing close to the Fairway Buoy.

A buoy is to be placed on the north-east edge of Point Palmiras Reef. Due notice will be given of its being laid.

The chart of 1870 is a good guide for a vessel from sea at the Kannaka Buoy to the mouth of the Byturnee River.

The Byturnee River is shortly to be surveyed, and a chart of it published. Until this is done strangers are strongly recommended to take a pilot. One could generally be obtained in Calcutta, as several officers of the tug and pilot services have made themselves acquainted with the navigation of these channels.

Parties wishing to have the new positions of the buoys shown on charts in their possession, are requested to send them to the Conservator, Orissa Ports, False Point, who will make the necessary alterations and return the chart by next post.

MARINE—CALCUTTA PORT TRUST.

No. 2798,—*Calcutta, the 1st September 1874.*

READ—

A letter, No. 630, dated 10th June 1874, from the Port Trust Commissioners, submitting a proposal for extending the Strand Bank Road, with wharfage, between Ahcercetollah Ghât and the northern boundary of the Port.

Letter No. 647, dated 11th June 1874, from the Port Commissioners, applying for a loan of Rs. 2,50,000 for the above purpose.

Read again—

Resolution of this Government, dated 29th June 1874, notifying that it appears probable to the Lieutenant-Governor that the above loan ought to be made to the Port Commissioners.

Read also—

Letter No. 1258, dated 5th August 1874, and enclosure, stating that a further loan of Rs. 6,00,000 is required to complete the purchase of the land for the construction of the new river-side road from Ahcercetollah Ghât to the northern boundary of the Port.

Letter No. 1259, dated 5th August 1874, from the Port Commissioners, submitting a formal application for a loan of Rs. 6,00,000 for the above purpose.

WHEREAS it appears to the Lieutenant-Governor probable that the loan of Rs. 6,00,000 applied for in Port Commissioners' No. 1259, dated 5th August 1874, in excess of the Rs. 2,50,000 asked for in their No. 630, dated 10th June 1874, ought to be made—

It is ordered that a copy of the application be published in the *Government Gazette*, as required by the fifth of the rules made by the Governor-General in Council in respect of loans under the Public Works Loan Act of 1871, and published on the 15th of October 1873.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,
Offg. Secy. to the Govt. of Bengal.

No. 1258, dated Calcutta, the 5th August 1874.

From—W. D. BRUCE, Esq., Vice-Chairman to the Calcutta Port Commissioners,
To—The Secretary to the Government of Bengal, General Department.

IN continuation of my letter No. 630, dated the 10th June 1874, I have the honor to report, for the information of His Honor the Lieutenant-Governor, that the Commissioners have resolved to apply at once to Government for a loan sufficient to complete the purchase of the land required for the new river-side road from Ahcercetollah Ghât to the northern boundary of the port.

2. In my letter No. 630, above referred to, application was made for a loan of Rs. 2,50,000 for the extension of the works now in hand, and a plan was then submitted, copy of which is sent herewith, showing the exact position of the lands for the acquisition of which the Commissioners required the loan of Rs. 2,50,000.

3. It now appears to the Commissioners that it is desirable to proceed as fast as possible to acquire the whole of the land necessary for the completion of this important work, as the land adjoining the sections already completed (coloured red on map) is daily rising in value, and it may reasonably be expected that the value of such lands will continue to increase as further improvements are carried out. The road in question, besides giving the public direct access to the river frontage, will form a direct means of communication for all the jute trade of the port; as many of the jute-pressing and screwing warehouses, and Hautkholah, the centre of the jute trade of Calcutta, are close to the line of the new road. The Commissioners also propose to lay down a line of tramway of the same gauge as the Eastern Bengal and East Indian Railways, so that the produce brought to Calcutta by these railways may be carried over the new road to the several warehouses for storing, or to the jetties for shipment. The tramway proposal will, however, be submitted separately for the consideration of Government: at present, all that the Commissioners wish to secure is the land necessary for the whole road, to enable them to secure through communication as soon as possible.

4. The Commissioners therefore solicit the sanction of His Honor the Lieutenant-Governor to the purchase of the necessary lands, and submit herewith an application drawn up and signed in accordance with the terms of the Public Works Loan Act for a loan of Rs. 6,00,000.

No. 1259, dated Calcutta, the 5th August 1874.
